# RETINAL IMAGING

The digital imaging system takes a picture of the inside of your eye *and* helps your VSP network doctor detect and manage eye and health conditions like—glaucoma, diabetes, and macular degeneration.

Finding retinal disorders early is critical to potentially preventing serious disease progression and even vision loss.

Members have a \$39 copay for retinal screening. Members with diabetes receive a retinal screening fully covered.

# ESSENTIAL MEDICAL EYE CARE

Here's what's covered:

- Fully covered retinal imaging for members with diabetes who do not have diabetic eye disease.
- Exams and services to treat immediate issues like pink eye and sudden changes in vision.
- Treatment options to monitor ongoing conditions such as dry eye, diabetic eye disease, glaucoma, and more.

This coverage is supplementary and in most cases your health insurance will be billed first. You may be able to coordinate with your VSP benefits in order to help reduce out-of-pocket costs. If your VSP network doctor doesn't participate with your medical insurance plan, VSP has you covered with only the cost of your copay.\*

\*\$20 standard copay for medical exams. Other covered services are covered-in-full, including retinal screening for members with diabetes.

# CONVENIENT ACCESS YOU WANT

With thousands of in-network doctors, it's easy to find an eye doctor near you.

## With Even More Options

Maximize your benefits at a Premier Program location (at no extra cost) including thousands of private practice doctors and more than 700 Visionworks® retail locations nationwide.

- Exclusive bonus offers and savings
- A wide selection of featured frame brands
- Advanced eye exam technology, like retinal imaging
