

Tools to help you manage the details

Get the most from your health plan. Below are some other helpful resources you should know about. Take advantage of these services to get the most from your benefits.

Managing your medical claims

Medical claims

Get started by signing into BAM at bcbstx.com/member. You can understand your benefits and claims, find a doctor, estimate future treatment costs and much more.

Prefer mobile? The BCBSTX App provides access to these features as well.

Account balances

The account balances page shows current info on your progress toward meeting your deductible and out-of-pocket maximums. If you are enrolled in the HDP and have an HSA, your balance is also shown here.

Prescription drug claims

Manage your prescription drug claims at myprime.com. If you select Rx History Claims and Balances, you can view and print a prescription drug claims history by date range. The information and cost (by date range) is excellent documentation to submit for an FSA reimbursement or to document your HSA spending.

Visit myprime.com to check specific costs for drugs covered by your plan. You can see specialty drug information here as well.

You can also access many of the same features on BAM or connect to myprime.com from BAM.

Manage your specialty drug prescriptions with accredo.com or the mobile app.
