

# UnitedHealth Premium program

Choosing a doctor is one of the most important health decisions you'll make. Studies show that people who actively engage in their health care decisions have fewer hospitalizations, fewer emergency visits, higher utilization of preventive care and overall lower medical costs. Take an active part in your health by seeking out and choosing providers with the help of the UnitedHealth Premium® program.

## Choosing a Premium Care Physician

The UnitedHealth Premium program makes it easy for you to find doctors who meet benchmarks based on national standards for quality and cost efficiency. The program evaluates physicians in various specialties using evidence-based medicine and national standardized measures. If a doctor does not have a Premium designation, it does not mean he or she provides a lower standard of care. It could mean that the data available to us was not sufficient to include the doctor in the program or that the doctor practices in a specialty not evaluated as a part of the Premium program. The UnitedHealth Premium designation program is a resource for informational purposes only. Designations are displayed in UnitedHealthcare online physician directories at [myuhc.com](http://myuhc.com). You should always visit [myuhc.com](http://myuhc.com) for the most current information. Premium designations are a guide to choosing a physician and may be used as one of many factors you consider when choosing a physician. If you already have a physician, you may also wish to confer with him or her for advice on selecting other physicians. Physician evaluations have a risk of error and should not be the sole basis for selecting a physician. Please visit [myuhc.com](http://myuhc.com) for detailed program information and methodologies.
