

Employee Assistance Program

The EAP is completely confidential and is provided to employees at no cost, regardless of the medical plan you selected. Even if you opt out of medical coverage, the EAP is available to you. Dependents who live away from home are also eligible.

The EAP is staffed by licensed clinicians who know how to get you and your family the help you need – right away. When you call, the specialist will help identify the best resource for your specific situation by talking with you and asking questions. You can speak to an EAP specialist as often as you like at no extra cost.

As part of the program, you and your family also get **5 face-to-face counseling sessions at no extra cost** with a network provider (per concern, per person, per year). First responders get 8 sessions. You can also meet virtually through a telemental health visit. This service uses video-calling technology to provide real-time access to a behavioral health professional – with no travel and less wait time for appointments.

To learn more about your EAP benefits, go to myuhc.com > **Coverage & Benefits > Mental Health > liveandworkwell.com**. If you do not have medical coverage through PEBC, visit liveandworkwell.com, access code: PEBC.
